

2010

San Francisco Firefighter Stair Climb

This is the inaugural Firefighter Stair Climb for the Bay Area. Combining Firefighters inherent giving nature with their competitive spirit is a winning combination. We are pleased to be raising funds for some great causes during this event. Firefighters are on the front lines of devastating burn injuries that befall people at critical times. We have selected 3 causes that work together in treatment and recovery of major burned victims.

- 🔥 **Bothin Burn Center**
- 🔥 **Alisa Ann Ruch Burn Foundation**
- 🔥 **San Francisco Firefighters Toy Program**

The 5th Alarm Events team is working in conjunction with multiple organizations to build an entire experience for Firefighters who choose to participate in the climb and raise money for worthy causes. We are working with the San Francisco Giants on Firefighter appreciation day scheduled for July 16th. We will be present, hosting a Firefighters BBQ, prior to the Friday night game to promote our event along with raising awareness of our chosen causes. We will be expanding the supporting events in coming years in order to attract out of state and out of country participants.

- 🔥 Firefighters will be participating in full Firefighter Gear (Bunker Gear) with donned SCBA (Self Contained Breathing Apparatus) and breathing air
- 🔥 It is a timed event for each individual
- 🔥 The fastest 3 finishing members of each department make up each Department's Team
- 🔥 There will be a Relay event in which a team of 4 Firefighters will climb for time to the top while carrying a specific hose bundle.
- 🔥 Squad 7 is a special group reserved for VIP's, significant sponsors, and celebrity endorsers that have a unique chance to participate in this event alongside other firefighters. These individuals will be offered an opportunity for time at a fire station to become familiar with the firefighting gear, ride along on the trucks, and bond with the crew prior to the event.

July 17, 2010
10 am start
Trans America Pyramid Building

48 FLOORS
